Maybe I'd see you in a tram Or bathing down by the lake. But now it just seems too long"</p> <p>Longer than a lifetime You are so far away Longer than a lifetime</p> <p>Would be thankful to be near you Once again your breath near mine Would be thankful to be near you Tell me, how to go on Longer than a lifetime You are so far away Longer than a lifetime</p> <p>Would be so thankful to be near you Once again your breath near mine.</p>
